## Alphorn 101

Come hear the alphorn, the Swiss national folk instrument, in performance and also enjoy a hands-on experience. (Bring an alphorn if you have one.) Roger Zanetti — a Swiss engineer-/musician/inventor — will be at the event demonstrating his carbon-fiber “alp flying horn.” It’s lightweight, easily transported and can be entirely disassembled and transformed into other instruments, such as the Australian didgeridoo. Zanetti is also renowned for his ability to play the alphorn and guitar simultaneously.

**What:** Introduction to the Alphorn.

**When:** Thursday, 4 to 5:30 p.m. and 7 to 8:30 p.m.

**Where:** St. Louis Park Junior High, 2025 Texas Av. S., St. Louis Park.

**Tickets:** Free. For further info, contact Marv McCoy at 612-927-6021.
